

# **Company Profile**

**KR ENGINEERING SYSTEMS**

**Chennai, India.**

## **Who Are We**

**KR Engineering Systems** commenced operations in 2018 at Chennai for offering engineering services.

We have a complete drawing/design facility as well as a team of experienced engineers for fabrication & site works. We have experience in working with the boiler industry, power industry, cement industry, defence, Oil and Gas industry.

Our Systems confirm to most accepted international standards like ASTM, ASME, DIN etc. and are manufactured according to approved quality plans. Our core strength is our vast experience in the engineering and designing of various products with very strong technical fundamentals.

### **WE ARE AN ISO 9001:2015 COMPANY WITH NABCB CERTIFIED BY TUV NORD**

Our Factory is located at Senneerkuppam, Poonamallee, Chennai.

## **We are experienced in**

- Design and Manufacturing of Various Modular Skids Chemical Dosing Skids
- Lube Oil Systems
- Seal Oil Systems
- Jacking Oil Systems
- Products as per customer's design

## **Our Strength**

We have a complete drawing / design facility as well as a team of experienced engineers for fabrication and site works. We have dedicated staff members with a great variety and depth to our skill levels and experience.

This includes

- Qualified Engineers
- Qualified Welders – 2 No's
- Fitters – 2 No's
- Grinder – 1 No
- Helper – 1 No
- We can manage your project from inception to commissioning.

## About Proprietor

Mr. K. Ram Mohan, an Engineer by profession has worked with a reputed engineering firm in Chennai for more than 30 years and played a key role in the designing of various products that has vast and varied applications in Power, Oil & Gas, Cement, Defence, Research & Development etc.,

During his tenure he had the opportunity to meet the design teams of top notch firms like NTPC, BHEL, BARC, L&T, DOOSAN, ENMAS, FLSmith, etc., and leading Inspecting Agencies like Tata Consulting Engineers, Bangalore & Chennai, Tata Projects Ltd, Hyderabad & Chennai, Lloyds Register, Chennai, NTPC -- Consultancy Wing, Corporate Quality Surveillance Group of BHEL Units, Bureau Veritas India, Chennai, Germinisher Lloyd, Chennai, SGS India Pvt Ltd, Chennai, Development Consultants India Ltd (DCPL), Chennai etc. This vast exposure helped to evolve as an expert in many prominent areas that earned him recognition.

He has headed the design team and had a pivotal role in developing indigenization products for Defence applications which have National importance.

Given the inquisitive person he is, he could not contain himself from innovative ventures. His passion for engineering as manifested itself in the form of his new firm **M/s KR Engineering Systems**.

Displayed below are a few photos of the skids in which Mr. Ram Mohan has played the key role in design.

## Factory and Office details

<b>Company Name</b>	M/S. KR Engineering Systems.,
<b>Address of Regd.Office</b>	No 7, 1st Main Road, Ramakrishna Nagar, Adambakkam, Chennai -600088
<b>GST No</b>	33AGVPR0429D1ZD
<b>Contact No</b>	+91 9566152044 / +91 9840941076
<b>Mail ID</b>	<a href="mailto:mail@krenggsystems.com">mail@krenggsystems.com</a> ; <a href="mailto:rammohan@krenggsystems.com">rammohan@krenggsystems.com</a>
<b>Address of Factory / Works</b>	No. 38, Vallalar Street , Kuppuswamy Nagar, Vettilaithottam , Senneerkuppam, Poonamallee, Chennai – 600056
<b>Mail ID</b>	<a href="mailto:mail@krenggsystems.com">mail@krenggsystems.com</a>
<b>Contact No</b>	+91 9566152044 / +91 9840941076
<b>Weekly Off day</b>	Sunday
<b>Total Area / Covered Area</b>	Factory Covered : First Floor : 1, 850 sq.ft Second Floor : 1, 850 sq.ft
<b>Material Handling</b>	A-Frame – Capacity 2 Tons
<b>Electric Power – Connected Load</b>	Welding Power – 35 HP & Main Power – 10 KVA

## Machinery Available

Machinery	Qty.
MIG & ARC 400A Co2 Welding Machine	1 No.
TIG 300A Welding Machine	4 No.
TIG 300A Welding Machine Single Phase	1 No.
Plasma cutting Machine	1 No.
AG 4 grinding Machine	5 Nos
AG 5 grinding Machine	4 Nos
AG 7 grinding Machine	5 Nos
ID Bore Machine	4 Nos
Air Compressor – 500 Ltr Capacity	1 No
Air Compressor – 25 Ltr Capacity	1 No
PUCK cutting Machine	1 No
Magnet Drilling Machine – Upto 24 Dia	1 No
Vertical Drilling Machine – Upto 24 Dia	1 No
Bench Grinding	2 Nos
Gas Cutting set	1 No
